EDUCATION

2021 - PRESENT

INSTITUTO TECNOLÓGICO SUPERIOR DE SAN PEDRO DE LAS COLONIAS

Computer Systems Engineering

EXPERIENCE

2023

STUDENT SOFTWARE PROJECT | [VIEW PORTFOLIO](#)

- Led the development of a desktop application in C# to digitize medical forms, streamlining document management for the Red Cross in San Pedro, Coahuila.
- Implemented a SQL Server database to store and retrieve registered patient information.

2024-2025

WEB DEVELOPMENT PROJECTS | [VIEW PORTFOLIO](#)

- Developed full-stack web applications with SQL database integration and REST API consumption using Fetch API + Async/Await for dynamic JSON data.
- Designed responsive interfaces (HTML/CSS + Figma) focused on UX/UI, ensuring usability and performance.
